Our theme for National Health Center Week 2016 (NHCW) is "**Celebrating America's Health Centers: Innovators in Community Health.**" As local community owned and operated businesses, Health Centers serve over 24 million Americans at more than **9,000 delivery sites** in all **50 states**, the District of Columbia, Puerto Rico and U.S. territories. One in every fifteen people living in the United States depends on their services. Health Centers deliver high quality, cost effective, accessible care while serving as critical economic engines helping to power local economies.
