Good morning, Kennedy CHC Advocates-

Now that the federal CHC funding cliff has been fixed by Congress, it's time for us to use our voices to affect change at the state level. Massachusetts CHCs are proposing the Community Health Center Transformation Fund - a funding source to ensure the financial strength of health centers during a time of great change.

Want to learn more about the CHC Transformation Fund? Today at 12PM the MLCHC will be holding a 30-minute webinar for advocates on the Transformation Fund. Join the webinar to hear about what it is, why it's needed, and what you can do to help. [Register for the CHC Transformation Fund webinar here.](#)
