**HSN Providers- Important Denial Reason:**

While it is critical that all denials be reconciled, one core reason for denial is populated on claims where MassHealth was the primary that paid and due to the system requirements, a secondary claim for HSN was automatically generated and processed.

Denial Number	Denial Description	Reconciliation Steps
2040	Service is not covered. Please refer to your Office Reference Manual for definition of covered teeth/quad/arch, patient ages, and procedure codes.	<p>For HSN providers, this is the core denial reason that is utilized for claims that have paid under MassHealth and therefore, will not be covered under HSN.</p> <p>Our recommendation is to filter this denial reason to the end of your reports and reconcile these secondary to all other denials.</p>
