How to be Informed about your Criminal Offender Record Information (CORI)

A CORI is a person’s criminal record history. Even criminal cases where you are found ‘not guilty’ will appear on your CORI. Many employers, landlords, volunteer organizations, housing and licensing screeners may ask to see some or all of the information on your CORI.

REQUEST A COPY OF YOUR CORI

You can request a copy online, by mail, or by calling the Department of Criminal Justice Information Services (DCJIS) at: **617-660-4640**, located at: 200 Arlington Street, Suite 2200, Chelsea, MA 02150

- Online: type “*how to get a copy of my cori*” into a search engine (Google or Bing).
- The mailing form can also be found by using a search engine (Google or Bing).
- You will need to submit a payment of \$25 (check or money order only). If you cannot afford the payment visit: **www.mass.gov**

Once you receive your record, check it for mistakes.

SEALING OR CORRECTING YOUR CORI

A CORI can be sealed. After your record is sealed most employers and CORI requesters will not find out about your sealed records.

There are two ways to seal your CORI, both of which are free:

1. An administrative process by mail.
 - ♦ The needed form can be accessed at the mass.gov website
2. In person by a judge.

Records that can be sealed include:

- Cases where you were not found guilty, or cases where charges were dismissed or dropped.
- Most criminal records can be sealed after a waiting period: a minimum of 5 years for a misdemeanor, and a minimum of 10 years for a felony.
- Some types of convictions, including certain firearms offenses, perjury, witness intimidation, state ethics act violations and sex offense cases cannot be sealed.
- Juvenile records can be sealed at the same time that you seal your CORI.

Criminal justice agencies and certain education agencies and departments that work with children have access to sealed record information during the hiring process.

*For more information on criminal record rights call:
 Greater Boston Legal Services at: **(617) 371-1234** or Legal Advocacy and Resource Center (LARC) at: **(617) 603-1700** or **1-800-342-5297**

How to Make the Internet Work for You

EMAIL ACCOUNT

Gmail and Yahoo are both great options. Below are steps specifically for a Gmail account.

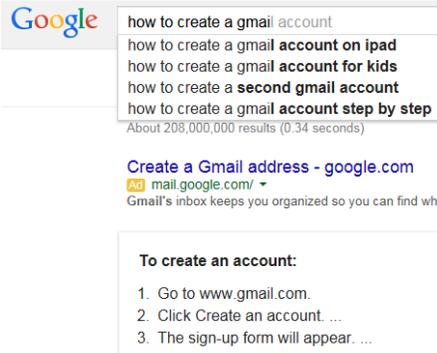

1. Open the Gmail webpage
Go to **gmail.com** and click on the blue "Create an account" hyperlink.
2. Come up with and write down a username
Use your name and favorite number or a nickname
 - ◆ johndean33
 - ◆ marysmith617
 - ◆ bigtommy52
3. Fill out the rest of the required information. This includes a password, your date of birth, and your location.
4. Prove you are not a robot.
Before selecting your current location, you have to do the verification code.  **press on the volume button if you're having a hard time reading that code so that you can hear it.
5. Agree to the privacy policy and click next step
Do this if you agree to Google's terms in the privacy policy. After you press "next step" you will have to press it one more time.

You can use your Gmail account to communicate with people you know, to contact someone for a job or to be contacted for a job. To write an email, press on the red **COMPOSE** button on the top left hand corner of the page after logging into your email account (using gmail.com).

USING A SEARCH ENGINE

Examples: **Google.com** or **Bing.com**

What you should enter:

A question (e.g. "Where is the closest library to BMC?")

What you are trying to understand (e.g. "How to setup a gmail account")

The search engine will give you a list of helpful links to explore.

How to Stay Safe

BE PREPARED

1. Have an exit strategy
 - In case of an emergency have at least two planned ways of exiting the building.
2. Have emergency supplies on hand
 - Keep a bag packed with essentials in case of an emergency.
 - ◆ First aid supplies, change of clothes, bottles of water and toiletries
 - Store canned goods.
 - ◆ They last a long time and do not require special storage.
 - Keep a working flashlight and fire extinguisher.
 - Make sure that smoke alarms and carbon monoxide monitors are up to date and working.
 - Keep extra batteries on hand to replace when needed.
3. Important reminders
 - Always lock your door and keep your key in a safe place. Be thoughtful about making copies of your keys.
 - Be cautious when discarding cigarette butts; they can easily catch fire.
 - If you have a gas stove, double check that it is turned off when you are done using it.
 - Gas leaks have a noticeable odor--if you smell a gas leak call your land lord.
 - Remember to keep a list of emergency contacts easily accessible.

SAFE KEEPING

1. Copy important documents
 - Make a copy of your ID or license, social security card, medical card and other important papers (copies can be made at the library).
2. Find a place for valuable papers
 - Use a lock box, or a file cabinet that locks to store valuable papers.

How to Keep Rooms Clean

THE BASICS

Any Room

1. Put things away when you're finished
 - Make this a habit to keep clutter down.
 - Throw out stuff that you don't need anymore.
2. Dust the room
 - Using a damp cloth, dust from one side of the room to the other. Rinse your cloth if it gets too dusty.
3. Vacuum or sweep and mop the floor
 - Start on one end of the room and make your way around the room. If you are sweeping, be careful not to step on the pile of trash.

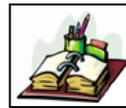

Bathroom

- Use a paper towel to wipe up drips or splashes.
- Wash extra toothpaste down the drain and rinse to keep the sink clean.
- Wipe the outside of the toilet. Use a toilet brush to clean the inside. Flush.
- Clean the shower. Spray cleaning product on the shower walls and the shower head. Let the product sit for a couple minutes and then rinse with water.

Kitchen

- Wash dishes after you use them. Soak sticky pots or pans in soap and water and wash them with the next round of dishes.
- Wipe up drips in the refrigerator with a slightly damp paper towel.
- Take out the trash when it gets full or smelly. Wipe the inside of the trash can if it is starting to smell.

- 2**: PAY TO THE ORDER OF Barb's Flower Barn
- 3**: \$ 23.14
- 4**: twenty three dollars and 14/100 DOLLARS
- 5**: Your signature here
- 6**: FOR mom's flowers

1. Write the date on the line in the upper right hand corner
There will be a blank space next to or above the word "Date."
2. Write the name of the recipient of your check
Do this on the blank spot next to the words "Pay to the Order of." If the check is for a person, remember to write their first and last names. If it's for an organization or company, write the complete name of the organization.
3. Write the amount of your check
You will find a space for this to the right of a dollar sign.
You have to include dollars and cents. Example: write "20.00" for twenty dollars.
4. Write the amount of your check using words
Do this on the line below "Pay to the Order of" line.
Examples:

Draw a line running from the end of what you've written to the end of the line.
5. Sign your name on the line in the bottom right corner
If you don't sign your name, the recipient won't be able to deposit the check.
6. Fill out the memo section on the bottom left hand corner
This part is optional. However, it's a good idea to write down what the check is for so you can remember the reason in the future.

How to Keep Track of Appointments and Bills

USE A WALL CALENDAR

1. Get a wall calendar for the year with space for writing
 - Hang it up in your kitchen or someplace where you will see it every day.

Also try a pocket-sized calendar that you can carry with you.

2. Cross off the day on your calendar every day
 - This will help you keep track of the date. You should do this every night before you go to bed.

APPOINTMENTS AND BILLS

1. Add bills to your calendar
 - Write the due dates of your bills on the calendar at the beginning of each month.
2. Add appointments to your calendar
 - Whenever you get back home from an appointment, remember to add the next scheduled appointment to your calendar.
3. Remember birthdays and other important dates
 - Add important dates to your calendar as you learn about them.

How to Keep a Weekly Schedule

WHY THIS IS IMPORTANT

1. It will help you form new habits
 - It takes time and patience to get used to living on your own. Keeping a weekly schedule will help you form habits to help manage the upkeep of your new apartment.
2. It will help make your chores easier to do
 - Instead of doing all of your chores on one day, you can spread them out so that you only have to do a little bit each day. Here is an example of what a weekly schedule for your chores can look like:

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Do laundry	Clean the kitchen	Make a shopping list	Go grocery shopping	Clean the bathroom	Clean the living room	Clean the bedroom

3. It will give you more control of your time
 - Keeping a weekly schedule will help you manage your time better, as well as give you more control of your time.

PLANNING

1. Plan your week every Sunday
 - Every Sunday, take the time to write down what you want or need to do that week. Include chores, appointments, and bills. If you can, also include the time that you want to do each thing.
2. Cross off everything you complete
 - As you complete the things on your weekly schedule, cross them off. If you don't get something done, don't worry, just write it down on the following day and try to get it done.

How to Budget and Open a Bank Account

SETTING A BUDGET

1. Keep track of your income and spending in one place.
2. Write down your expenses as you go along. Include the date, expense and cost for the day.
3. Figure out your monthly or weekly expenses. Keep track of which expenses change, such as groceries, and which expenses stay the same, such as rent.
4. Do not spend money not in your budget.

*For payment assistance programs or getting a Payee visit:

OPENING A BANK ACCOUNT

Checking Account: An easy way to access cash

Savings Account: A way to save and build upon your money

- Both accounts require basic information such as social security number, a photo ID with a signature, and a minimum deposit amount.
- Before signing anything make sure that you understand any fees that you may be charged.

Credit Unions

- Credit Unions are a great option for individuals with lower incomes. They typically offer higher savings rates and charge lower or reduced fees.

Credit Report and Score

- A credit report contains a history of your credit, loan, and payment history.
- Credit reporting agencies:
 - ♦ You can check your credit report with each agency for free once a year. There may be a fee to include your credit score.
- Receiving an annual credit report can help you protect yourself against fraud and identity theft.
- Your credit score can be used by potential creditors (like banks or landlords) to determine your eligibility for credit cards, loans, and other expenses.

To learn more about building credit, finding a credit union near you, and monitoring your account see links in the Additional Information section at the end of this handbook
